SUMMARY

Recent MCA graduate with a strong foundation in software development, database management, and problem-solving. Skilled in Python, Django, SQL, and modern web technologies, with hands-on experience in developing web applications and AI-based projects. Passionate about building scalable solutions and eager to contribute as a Software Developer..

TECHNICAL SKILLS

- Programming Languages:** Python, C++, Java, SQL, HTML5, CSS3
- Frameworks & Backend:** Django, Flask, FastAPI, Node.js, REST APIs
- Databases:** PostgreSQL, MongoDB, MySQL, SQL Server
- Core Concepts:** DBMS, Object-Oriented Programming, Data Structures & Algorithms, Authentication
- Cloud & Deployment:** AWS, Docker, Vercel, Render
- Libraries & Tools:** NumPy, Pandas, Scikit-learn, Git & GitHub, VS Code, Postman, Figma, npm

PROJECTS

- Movie Ticket Booking System** (Ongoing)
Full Stack Web Development Project Python, Django, Django REST Framework, PostgreSQL
- Developing RESTful APIs for movie booking, seat management, and secure user authentication.
 - Implementing concurrency-safe seat reservations, query optimization, and database indexing for improved performance
 - Building analytics, payment, and email notification modules to ensure a reliable and scalable booking system.
- Socratic-AI** 2026
Web Development Project Next.js, Tailwind CSS, Node.js, Express, MongoDB
- Developed an AI-powered learning platform to enable interactive and guided learning experiences.
 - Built responsive user interfaces and integrated RESTful APIs for seamless frontend-backend communication.
 - Implemented secure authentication and managed user data efficiently using MongoDB.
- Artificial Intelligence in Early Skin Cancer Detection** 2025
Machine Learning Project Python, Pandas, NumPy, Scikit-learn
- Developed a machine learning-based system for early skin cancer detection using data-driven techniques.
 - Performed data preprocessing, feature selection, and implemented classification algorithms for disease prediction.
 - Analyzed medical data to support early diagnosis and improve predictive insights.

EDUCATION

- Master of Computer Application (CGPA: 7.5/10)** 2024 – 2026
Central University of Himachal Pradesh
- Bachelor of Computer Application(CGPA: 8.21/10)** 2021 – 2024
Langat Singh College, Muzaffarpur
- Senior Secondary(70.04%)** 2021
Science with Physics, Chemistry and Maths
- Matriculation(CBSE)** 2018
Gyan Ganga Public School, Muzaffarpur

CERTIFICATIONS

- NPTEL – Soft Skills Development
- Deloitte Technology Virtual Internship – Forage
- Presented a research paper on AI-based Skin Cancer Detection at a National Conference, Sri Sai University, Palampur (2026).
